Paula, Rich, and Lisa:

Just wanted to let you know everything is under control here with respect to media requests. I've received several calls and emails from people who first tried to reach Rich and – so far – I've had no problems with any of the requests. Please feel free to keep sending requests my way.

I also just finished going through a bunch of media requests that came into R8EISC and, again, no problems handling any of the requests (passed nearly all to Press@epa.gov but was able to clear a few by sending out the website link).

As soon as OGC releases the GKM Work Plan and Tim can post it, I'll make sure Bruce Finley gets the link and then will head home.

If there's anything I can help you with, please don't hesitate to ask!
